

I listen to and support K-LOVE and Air-1 as a resident of the local community. They provide many nonprofit announcements that I would be interested in. I also listen to 99.1 WJMM. I appreciate being able to enjoy the music with and without the preaching. I enjoy being able to choose on a whim between the two formats. The quick 1-2 minute marriage scripts help me strengthen my marriage.

2. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, the effect on the local community would be visible. I love driving down the street and seeing the people praising God. I really enjoy not having to listen to commercials nor songs with lyrics that would fill my head not of God.

3. I believe that the service provided by K-LOVE and Air-1 is in the public interest because they not only provide family friendly music, news, announcements, quick scripts, access to nation wide christian artist, but they also do fund raising for missions that effect the communities in their broadcasting areas. Ex Rescue mission.
